

1 day travel guide Arles (Provence)

- **Where to stay**

Hotel Amphitheatre, 5 rue Diderot - + 33 (0) 4 90 96 10 30

We loved it there, we had this attico room with a nice view of the city

- **Visit Foundation Van Gogh**. The Van Gogh-themed gallery is a must-see
- And if you're a Van Gogh fan and have seen his painting *Café Terrace on the Place du Forum, Arles, at Night*, you might want to have a drink at **Van Gogh Café**, the spot where Van Gogh painted one of his most famous masterpieces.
- **Visit Musee de l'Arles antique**
- Walk in the old town. There is so much loveliness going around on those narrow streets.
- One of my favorite things in the city was the Roman amphitheatre.
- visit **Foundation LUMA ARLES**. It is such an innovative project and one of Arles' most anticipated new building, a gallery and arts centre, funded by the Swiss-based Luma Foundation and designed by the renowned architect Frank Gehry.
- dinner at restaurant l'**AUTRUCHE**, rue Dulau.
- If you happen to be there on a Saturday, don't miss the Saturday-morning market: local fruits and vegetables, Camargue salt, goats' milk cheese...

And one of the most interesting activities to do: drive to the **Camargue, Regional, Nature Park**. There are flamingos, horses and pink salinas, say whaaat?? ;)

The Marais du Vigueirat in Mas Thibert is also very nice. You also have the possibility to eat there (<http://www.marais-vigueirat.reserves-naturelles.org/en/discover-the-marais/accomodation-and-services/catering/>)
